

## **SPECIAL OPPORTUNITY**

### ***DRIFT WORKSHOP***

**DRIFT:** A new and unique Locative APP for Smart Phones and Tablets that lets groups post images and information about historic sites, heritage locations, community interest points, museums and exhibits as well as short term events such as lectures, presentations, tours and other time sensitive programmes.

These can all be updated and loaded to the DRIFT APP by the groups themselves!

**Learn how at a special workshop hosted by the Toronto Historical Association as part of its Annual General Meeting.**

**Saturday, April 29 – Workshop from 12:30 pm to 1:30 pm** – followed by a short break and the Meeting.

Help promote your group and activities across the GTA to phone users and people on the go and curious about Toronto's history.

You will need the following for the workshop:

**A laptop**, if available [ help will be provided in uploading to the DRIFT App ]

**Photos or illustrations of your site or location, a short written description of the site or activities to accompany the images[s]**

**This information should be in a computer accessible format: as a program on the computer, on a disc or USB compatible memory device.**

Participants will be 'walked' through how the system works and how best to use it to promote the THA Groups' interests. Be part of a brand new initiative that help-s teach the public about city history!

**Come to the workshop, stay for the AGM**

**Northern District Library 40 Orchard View Blvd. [ Yonge/Eglinton ] . TTC accessible, Municipal parking close by.**

For information and to register [ limited numbers ] – send to: [info@torontohistory.net](mailto:info@torontohistory.net) so that you can be on the list and get updates as the meeting date approaches.
